

Edbro Trailer Inclinometer TINC01/12v & 24V

Cable wiring colours have changed in kits manufactured from January 2015.

Ensure the equipment is installed according to this amendment and retain this document with the Installation and Operating Instruction Manual.

Failure to connect the equipment correctly may result in malfunction of the equipment.

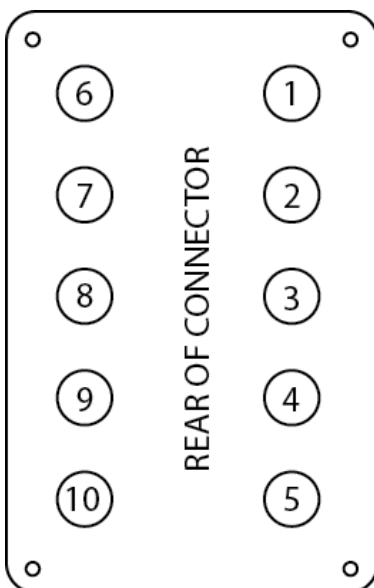

TRACTOR SUZI CONNECTOR

Wire Colours

2015 onwards	Before 2015
Serial# \geq 011501	Serial# \leq 121401
1. BLACK (0v sensor & sounder)	1. BLACK (0v sensor & sounder)
2. BROWN (sensor)	2. BROWN (sensor)
3. GREEN (sensor ground)	3. GREEN (sensor ground)
4. NOT USED	4. White (sensor buzzer signal)
